About Us

The company for production, trade and services RKM Skopje was incorporated and is engaged in wholesale of solid, liquid and gaseous fuels and similar products. RKM Skopje is one of the recent oil companies in Macedonia. Although a new company, in only 3 years since its incorporation, in 2021 it is already counted among the leading companies in the region for the sale and distribution of fuel oil M1 HC.

Our team has responsible and rational careerists who are professionals in the field they work. RKM staff possesses high and quality professional readiness, whose basic characteristics are intellect, culture, respect and efficient mobility. Being a part of RKM means being both a friend and serving business part ners. RKM Skopje mission is to be a friend, reliable and long-term partner and energy supplier to all industrial facilities in the territory of the Balkans.

RKM has firmly established relationships with oil companies from Serbia, Bosnia and Herzegovina, Croatia and Slovenia, where it is a serious supplier to thermal power plants and production facilities.

RKM cooperates with suppliers and refineries from Greece, Bulgaria, Slovakia and Germany. RKM Skopje operates in accordance with good business habits and during its existence and according to the possibilities, it allocates part of the profit for donations to those who need it the most.
